

After-School Programming at Ignite Dance Productions

Ignite Dance Productions Winston-Salem offers a structured, engaging After-School Program for students grades Pre-K- 8th grade, designed to support academic success while providing opportunities for creativity, movement, and personal growth.

Our program runs daily from 3:00–6:00 PM and includes snack time, homework assistance, structured enrichment, and supervised free time in a safe and supportive environment. **Ignite Dance Productions staff will provide pick-up for students who attend the Downtown School and the Arts Based School only.** All other students should be dropped off at our studio (205 W 3rd St) at 3:30PM.

Flexible Enrichment Options Included

Pre-K and Grades K–5 students have the option to participate in dance and theatre classes during their after-school time at **no additional cost**. These classes are seamlessly built into the schedule on select days and provide high-quality training in a fun, encouraging setting.

Middle school students (Grades 6–8) will also have access to a variety of enrichment opportunities, including **dance, theatre, business, graphic design, and technical theatre**, allowing them to explore both creative and career-oriented interests.

Families have full flexibility. Students **do not need to participate in dance or theatre classes to be enrolled in our after-school program**, and students may also **enroll in classes independently without being part of the after-school program**.
